

**PRESS RELEASE  
For Immediate Release**

**Delcan Corporation Wins New Project for the Ministry of Transportation**

Toronto, Ontario, August 23, 2010 – Delcan Corporation, an award winning, multi-disciplinary engineering, planning, management and technology consulting firm, is pleased to announce their most recent project win through an open and competitive process with the Ministry of Transportation.

Delcan has been contracted to provide Owner's Engineering Services pertaining to the implementation of Highway 407 East Extension in Durham. Delcan is assisting the Ministry with the preparation, review and audit of project-specific documentation and implementation of the Highway 407 East Extension including procurement, pre-design activities, detailed design review and audits during construction.

In acknowledgement of this new project win, Mr. Khaled El Dalati, Vice President & Division Manager of Delcan's Transportation Division commented, "Delcan is honored to have been selected for this assignment. We are pleased to assist with this implementation and to continue our long-term relationship with the Ministry of Transportation."

Delcan, founded in 1953 and operating globally, serves a multi-disciplinary client base by focusing on meeting client needs and expectations. Delcan offers innovative infrastructure and systems solutions that combine high-quality with cost-effectiveness. Today, as always, we seek the best talent to build on our 57-year success story. We invite you to explore the possibilities of joining Delcan, an award-winning organization poised for continued growth as a world leader in the consulting engineering field.
