This project won recognition in Canada and in the United States for outstanding engineering and construction. It received an Award of Excellence from the Association of Consulting Engineers of Canada in 1991 and was selected by the Canadian Construction Association as the recipient of the Montgomery Memorial Award in 1990, for the most innovative construction project in Canada. The Toronto-Delcan team was honoured by Engineering News-Record of New York City for having provided an outstanding contribution to civil engineering, as a result of the team's work. The project cost was \$8 million.
